

# How to Access Your ETX Bell Digital Editions

A simple guide to browsing, reading, and downloading your local news.

## Introduction

We're excited to introduce a new and improved way to access your ETX Bell e-editions.

As a subscriber, you now have access to our online library, where you can browse current and past editions all in one place.

This guide will walk you through how to navigate the library, read using the flipbook feature, and download editions to your device. Eventually, we will be moving to a paywall that will require a username and password. We will reach out to you when that happens.

## Step 1: Access the Library

Click the link provided in your email to go directly to the ETX Bell Library.

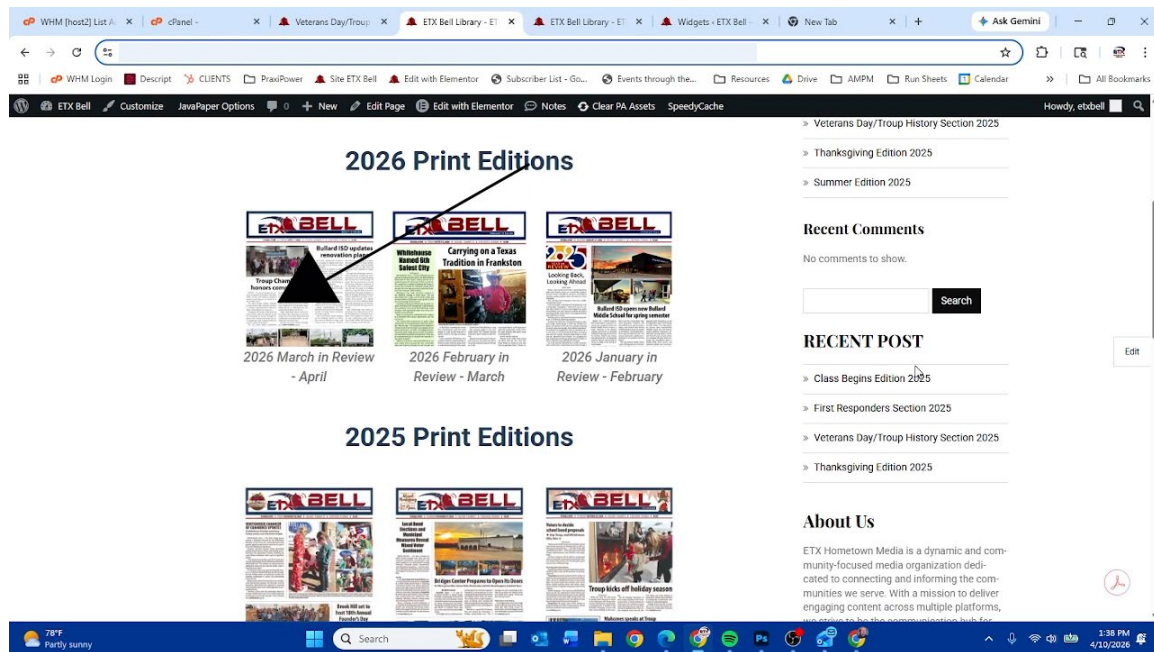

Once inside, you'll see editions organized by year and category, including 2026 editions, 2025 editions, and special sections.

Currently, it can be accessed here: <https://etxbell.com/etx-bell-library/>

The screenshot shows a web browser displaying the ETX Bell Library website. The browser's address bar shows the URL <https://etxbell.com/etx-bell-library/>. The website features a large ETX BELL logo at the top, with a navigation menu below it including links for HOME, NEWS, COUNTY, BUSINESS, SCHOOLS, SPORTS, LIFESTYLE, RELIGION, and EDITORIAL. A search bar is located on the right side of the page. The main content area is titled "ETX Bell Library" and includes a search bar and a "Recent Posts" section. The "Recent Posts" section lists several articles, including "Class Begins Edition 2025", "First Responders Section 2025", "Veterans Day/Troup History Section 2025", "Thanksgiving Edition 2025", and "Summer Edition 2025". Below the "Recent Posts" section is a "Recent Comments" section, which currently shows "No comments to show." The website also features a "2026 Print Editions" section with three preview cards for different editions. The browser's taskbar at the bottom shows the system tray with the date and time as 4/10/2024, 2:35 PM.

## Step 2: Choose an Edition

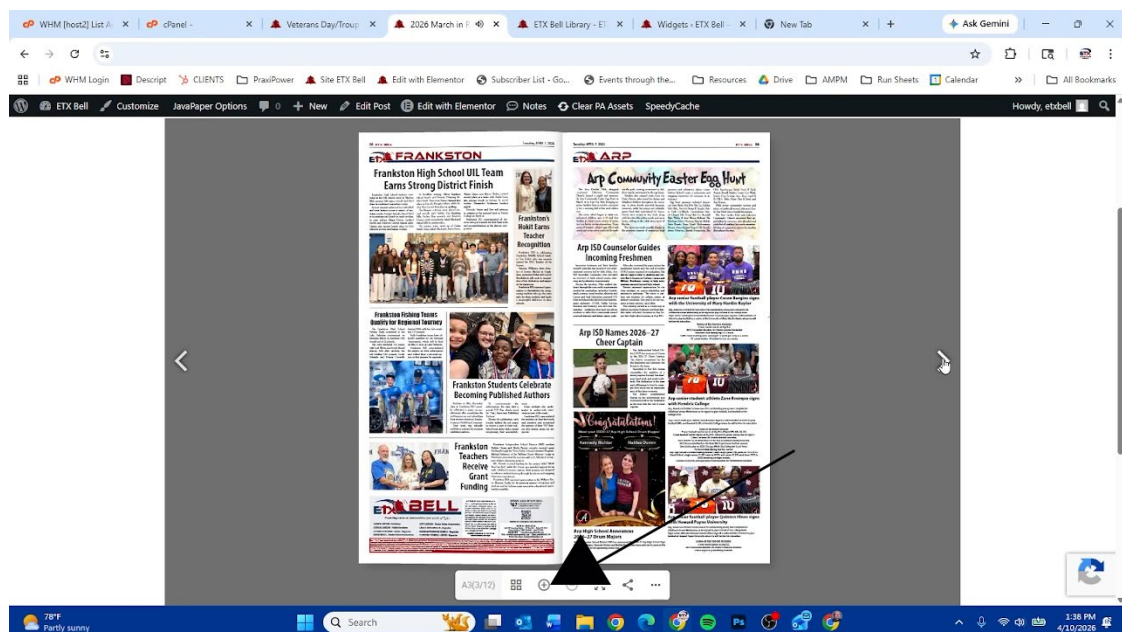

Browse through the available issues and click on the edition you'd like to open.

## Step 3: Read Using the Flipbook

Once opened, the edition will appear in a flipbook format.

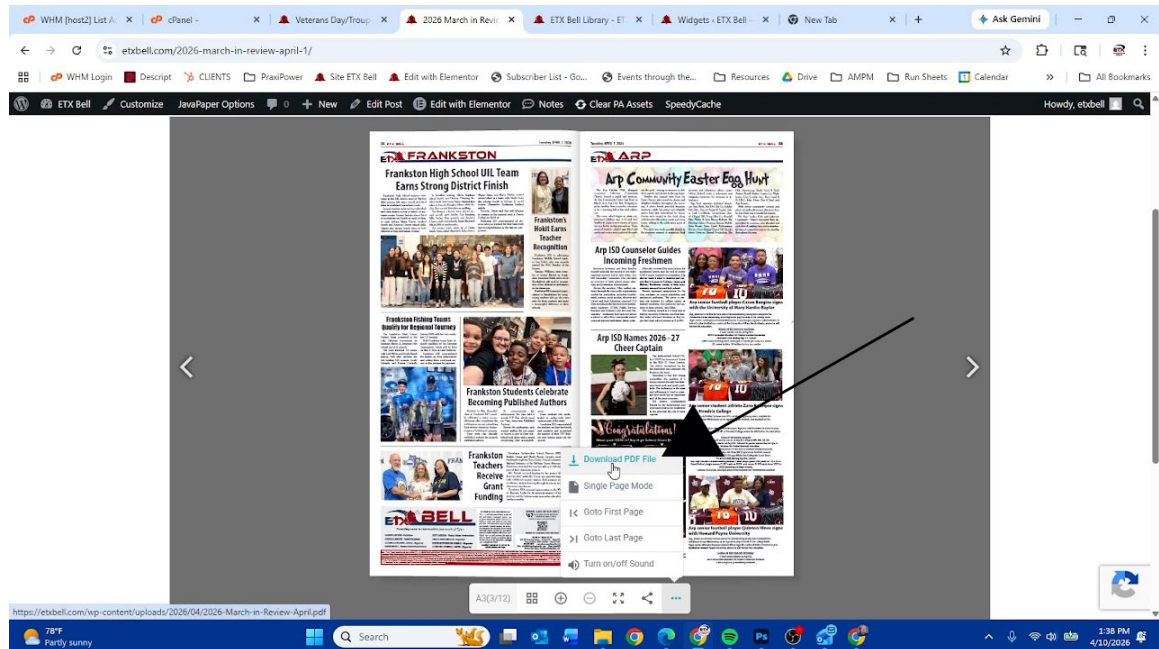

Flip through pages just like a physical newspaper. You can zoom in to read articles or zoom out to view full pages. You can also move the paper around by holding on your left mouse button to focus on the article you want to read.

## Step 4: Download the PDF

If you prefer reading offline, click the download link.

Save the edition to your computer and open it using your preferred PDF viewer.

## That's It!

You now have more ways than ever to enjoy your ETX Bell e-editions.

If you need any help, feel free to reach out. We're here to help.
